ABOUT US

Our story began in Turkiye two decades ago, where we embarked on a mission to produce exceptional wooden boxes. Over the years, our dedication to craftsmanship and innovation has seen us evolve into Europe's premier manufacturer of custom wooden boxes, luxury packaging, wooden point-of-sale products and variety of bespoke wood products. As we expanded, our vision was clear: to offer unparalleled quality, sustainability, and customer service.

Our commitment to these principles has been unwavering, and it's what sets us apart in the industry. In 2020, recognizing the growing demand from our European and UK clientele, we strategically established a dedicated marketing team in the United Kingdom. This initiative not only brought us closer to our customers but also allowed us to better understand and cater to the unique nuances of the European market.

Today, whether you're a renowned brand, a retailer, or a large corporate entity, we're here to offer bespoke solutions tailored to your needs. With Custom Craft Ltd, you're not just choosing a manufacturer; you're partnering with a legacy of excellence.
